Received ..... Registered 27074

To The Secretary to Government, Development Department, Madras.

UNDER SECRETARY TO GOVERNMENT ADDITIONAL 9 - SEP 1943 DEVELOPMENT DEPARTMENT

Enclosures:

No. 2084-D/43 dated 8th September 1943

Sir,

Sub: Government Silk Filatures, Kollegal - Medical Inspection by the local Civil Assistant Surgeon Sanction requested.

The Government Silk Filatures and the Kollegal Silk Filatures, Kollegal, will employ in all nearly two thousand workers when all the basins are installed and put to work. It is necessary to establish a dispensary in charge of a competent doctor to look after the health of the workers. There is a hospital at Kollegal but this hospital is about two miles and more from the two filatures. Apart from the question whether the hospital authorities can cope with the additional work involved, it appears clearly necessary to detail a doctor to take care of the health of 2000 and more operatives and to post him near the filatures. Till such time as a dispensary is established -- I shall submit my proposals to Government in due course -- some interim arrangements are called for. I suggest that the local Government doctor be asked to visit the filatures from time to time. I accordingly

ON-GENERAL WITH THE GOVERNMENT OF INDIA 16 SEP 1943

request that Government may be pleased to instruct the Surgeon General with the Government to depute the Civil Assistant Surgeon Kollegal or one of his subordinates to visit the Government Silk Filatures and the Kollegal Silk Filatures once a week.

Director of Industries and Commerce.

Sub Industries – Sericulture – Govt. Silk Filatures, Kollegal – Medical inspection by the civil Asst. Surgeon, Kollegal – Proposal called for.

Ref: 1) From the D.I.&C. no. 2084 D/43 dt 8.9.43

A Copy of letter no. 60133 E(1) D/20.9.43 from the Surgeon General, is forwarded to the D.I.&C. It has been suggested that only the arrangements proposed by the S.G. will be feasible, in the present conditions, and that the extra cost involved in maintaining a dispensary on these lines may be debited to Industries Dept. It is also stated that Compounder can do only such duties as are permissible under the Medical Code.

The D.I.&C is requested to offer his remarks on these suggestions and to submit final proposals, in consultation with the S.G. for opening a dispensary for the Silk Filatures

4.10.43

To the D.I.&C.

Copy to S.G. thro' Govt.

A Copy of the letter from the S.G. is forwarded to the D.I.&C. It is not possible to spare a doctor. As suggested by the S.G it is possible to set up a dispensary with one compounder and the medical staff of the Kollegal Hospital can attend the dispensary twice a week.

It is suggested that the cost of the scheme should be debited to the Industries Dept. The D.I.&C is requested to submit proposals on the lines indicated in consultation with the S.G.

FINANCE DEPARTMENT

G.O. No. 96, 4th April 1939

Madras Financial and Account Code, Volume I—Purchase of conveyances under Article 286—Time-limit for furnishing the certificate as to the utilization of the advance—Reduced from three months to one month—Amendment issued.

Order—No. 96, Finance, dated 4th April 1939.

Under Note 2 to Article 286 of the Madras Financial and Account Code, a Government Servant who draws a conveyance advance should produce before the Audit Officer within three months from the date on which he drew the advance a certificate stating that the amount of the advance has been fully utilized on the object for which it was granted and, when the price actually paid for the conveyance is less than the amount of the advance taken, that the balance over and above the price actually paid has been refunded into the treasury. His Excellency the Governor considers that the period allowed for furnishing the certificate may be reduced to one month, and is hereby pleased to direct accordingly.

The following amendment to the Madras Financial and Account Code is accordingly issued :—

Page 156, *Article* 286, *Note* 2.—*For* the words ' three months ' occurring in the second line, *substitute* the words ' one month.'

Ref.No. 66108--2--E(1) Dated: 22nd November 1943.

Sir,

Subject: Industries - Sericulture - Government Silk Filatures Kollegal - Medical Inspection by Civil Assistant Surgeon, Kollegal.

Government in their Memorandum No.33073/43-2. D. 2 P.H., dated 21st October 1943 have permitted the Civil Assistant Surgeon of Government Hospital, Kollegal to visit the filatures once a week. But it is now reported that the two filatures, one at Mudigundam and the other near Mullur, are both outside the town limits and away from each other, that

they

they cannot both be inspected on the same day. Hence the Civil Assistant Surgeon in consultation with the General Manager of the Filatures is visiting them each one day in a week separately. It is requested that the Government may be pleased to approve of this arrangements.

As regards the compounder and the Nursing Orderly accompanying the Civil Assistant Surgeon, I recommend that a sum of Rs 5/- and 2/- per mensem respectively may be sanctioned to them.

Surgeon-General with the
Government of Madras

PUBLIC (SERVICES) DEPARTMENT

G.O. No. 423, 23rd February 1940

Public Services—Madras Ministerial Service—Candidates from approved list—Allotment to Boiler department—Procedure.

Order—No. 423, Public (Services), dated 23rd February 1940.

The Chief Engineer, Public Works Department (General, Buildings and Roads), has represented that the scheme of permanent allotment introduced by G.O. No. 1207, Public (Services), dated the 14th July 1938, is not suitable for the Boiler department for the reason that the number of posts in the Madras Ministerial Service in that department is very small. His Excellency the Governor of Madras therefore directs that candidates allotted to the Boiler department from the 1st January 1939 shall not be regarded as permanently allotted to it. Such candidates will, on discharge for want of vacancies, be restored to the approved list maintained by the Collector.

2. Necessary amendments to the Madras Ministerial Service Rules will be issued in due course.

(By order of His Excellency the Governor)

D. N. STRATHIE,
Chief Secretary.

Ref to his letter from the Surgeon General Rc no 6033-E(I) dated 20 943

Med Treatment in Silk Filatures and Khaddar Silk Filatures. Med inspection by A.D.S

The two Silk Filatures employ together 2000 labourers. The Director of Industries and Commerce proposes to establish a separate dispensary for them. Meanwhile as an interim arrangement he suggests that the Asst Surgeon at the Khaddar hospl be deputed to visit the filatures which are more than a mile from the hospl. once a week

2. The S.G. has no objection to the

visiting the Filatures but he suggests that he may make 2 visits instead as suggested by the Director of Industries and Commerce apparently as he wants this arrangement should be permanent for the duration of war He suggests also that a Compounder and Asst Surgeon should be employed to assist the CAS this Staff, it is foreseen, will be employed at the Filatures immediately.

3. As regards the allowance of Rs 5/- per visit suggested by the S.S. it is for consideration whether that rate will be accepted as the distance to be traversed by the CAS is about 4 mls (2+2) only to and fro

4. Dr may be requested to put these proposals before the Director of Industries and he may be asked

Rs 5/- for a visiting surgeon to see 100 women. A conveyance allowance may be allowed

To Addl. A.S.

Please see the letter of the D.I & C. at pp 17-18 cf. ~~The suggestion to allocate~~ It has been agreed may be allocated that the expenditure on account of the weekly medical visits between the G.S.F. and K.S.F. in the ratio of 2:1. ~~may be accepted. The D.I & C. has not submitted his~~ The debit of expenditure has not proposals for the establishment of a dispensary for the fishermen. Subject to

20

~~a draft memo to the D of B. is submitted for approval~~
~~It may be sent to Finance Dept. for acceptance.~~ It is not also clear how the expenditure was met for.

R 22.3.44 to the Ld. at pp 7-8 and 13-14 of f. In the absence of any proposal that the expenditure should be borne by the Factories in the case of the Dy Bs at pp 1-2 of, it would seem that in the interests of the health of the large force of labour in Kolaripal, medical relief should be afforded at Govt cost. For orders whether this view will be accepted. If so, the allocation of the expenditure between the Factories seems unnecessary. The case may be sent to E of B H & Sin. Dept for remarks. In the case of certain labourers working in the Nilambur or Wynaad forests, the Govt. have provided medical aid at Govt cost. On this analogy the expenditure in the present case also may be borne by the Govt. Please put up the connected papers.

R

AR 23.3.44

R 27.3.44

Dev. Dept

To. Addl. A.S.

The G.O.'s referred to at 'R' on p/o above are put up at (G) and (H).

On the representation of the labourers employed in the Nilambur forest division, the Govt. decided that free medical aid may be provided for them at Govt. Cost. The expenditure was debited to the budget grant, Govt. Depts. Similar provision was made about 1943, for the benefit of the labourers in Wynad Forest Division. On the analogy of these precedents, it would seem that medical relief may be provided for the labour force in the two Silk factories at Kollegal and the expenditure met from the Industries Budget or the Medical Budget. It does not seem proper to debit it to the working expenses of the factories. It is a moot point whether the Govt. of India contemplated the inclusion of such charges in the cost of produce of silk in respect of the Govt. Silk Filatures and whether such expenditure could be debited to the factory without their concurrence. For orders.

The remarks of Edn & PH and Fin may be invited.

Edn & PH Depts

Fin

Their Deptt. may agree to the medical aid in the present case being given at Govt. cost, the expenditure being debited to the Industries budget. With this remarks, the case may be passed on to Finance Dept.

Finance (Aug 43) B

[Previous Finance note on p 7 above] I.

C4 N and 5 CF

While the D.I.C. has stated that the cost should be charged to the Govt. Silk Filatures and the Bengal Silk Filatures in the ratio of 2 : 1, Deptt. have suggested that the cost should be borne by the Industries Budget (43. Industries)

11 17-18 CF

p 11 above

2. The analogy of the free medical relief to the labour employed in the Dhy naidu Forest Dispensary cited by Deptt. would apply only in so far as the medical relief is proposed to be free - i.e. the cost will not be recovered from the labourers; the analogy is not relevant to the present question - viz whether this Govt. should bear the cost as an item of direct medical expenditure or the Govt. of India and the public should bear it through the cost of silk. The Govt. Silk Filatures are State trading concerns; and this Govt. have agreed to charge India only the actual cost of production without any margin of profit. There seems to be no objection in principle to recover the cost of medical relief through the sale price of silk, so that there may be no net expenditure to this Govt. This apparently is the view that the D.I.C. has recommended the charging of the cost to the Filatures, despite Deptt's suggestion to him that it might be debited to the Industries Budget. It seems therefore that the cost can be legitimately included in the working expenses of the filatures in the ratio suggested by the D.I.C. If Deptt. think that

p 11 above

Cf Fr. nos (G) & (H)

+ the cost of the medical relief should be entirely borne by the Industries Budget

+ M M

the Sanction Government of the Govt. of India is necessary they may be requested to obtain it

4. If however it is not considered necessary to include the Costs in the Workers expenses to be recovered through the Sale of Silk it is not necessary either to charge it to the Industries budget. The cost involved is mainly of the nature of Conveyance expenses of the C.A.S. and the Compounder and the nursing orderly - it may be debited to the Medical deptt itself

Y.Ser. Dev. Dept.

No. 1 D/44 Jo Addl. A.S.p

In his letter on pp 1-2 cf., the D. I & C. proposed to establish a dispensary at Kollegal for medical aid to labourers, numbering nearly two thousand, employed in the Govt. Silk filatures, Kollegal & Kollegal Silk filatures, Kollegal

M on p 1 cf

pp 1-2 cf

As it would take some time for the establishment of a separate dispensary, it was suggested in that interim arrangements be made that the local Civil Asst. Surgeon should visit the filatures twice a week, with a Compounder and a nursing orderly to attend to the needs of the labourers. The cost of this arrangement is Rs 604/- per annum (Rs 50/- per visit to the C.A.S & Rs 5/- p.m and Rs 2/- per month to the Compounder & the orderly respectively)

menus at pp 7-8 cf & pp 13-16 cf

M on p 12 above

12

The D. I & C requests that the expenditure may be allocated between the Govt. Silk Filatures & the Kollegal Silk Filatures in the ratio of 2:1. It was considered in this dept. that it would be proper for the Govt. to bear the cost on medical relief to the labourers in the filatures and that it should be debited either to the Industries Budget or the Medical Budget. The S. & P.H. Dept has recommended that the Govt. must meet the expenditure and that it be debited to the Industries Budget. Finance Dept however suggest that the expenditure is a legitimate charge on the filatures and that the proposal of the D. I & C may be accepted. ~~Subject to orders, a draft order is submitted for approval.~~

It is for orders now:

(i) Whether the expenditure on medical aid given to the labourers in the Govt. Silk Filatures & the Kollegal Silk Filatures will be met by the Govt. and debited to the Industries Budget; or

(ii) Whether such expenditure will be allocated between the two filatures factors as Kollegal in the ratio of 2:1.

Finance points out that the precedents was produced are not analogous (See Para 2 of their Note on P.12 ante), ~~If some cases~~ and that the original proposals of the D. I & C may be accepted.

(On return from C.H.)

The Expenditure may be allocated between the ~~two~~ Govt. & Kollegal Silk filatures in the ratio 2:1 as proposed by the D. I & C.

To Addl Secs.

With ref. to orders at p. 14 above, a draft Order is submitted for approval
